A boy named Gunther turned

into a super hero named G.G.

He wants to clean up his

neighborhood.

G.G. recycles plastic, papers, cans,

and glass that people throw

away. G.G. is going green and

he's ready to clean.

He has yellow spiked hair and

Always do your best! 😊

wears a cape and mask

recycled from rubber.

G.G. made his partner Stash

from trash he collected. He's

made out of a box, tree limbs,

a soda can and used tires.

They fly around the neighbor

hood collecting litter and trash.

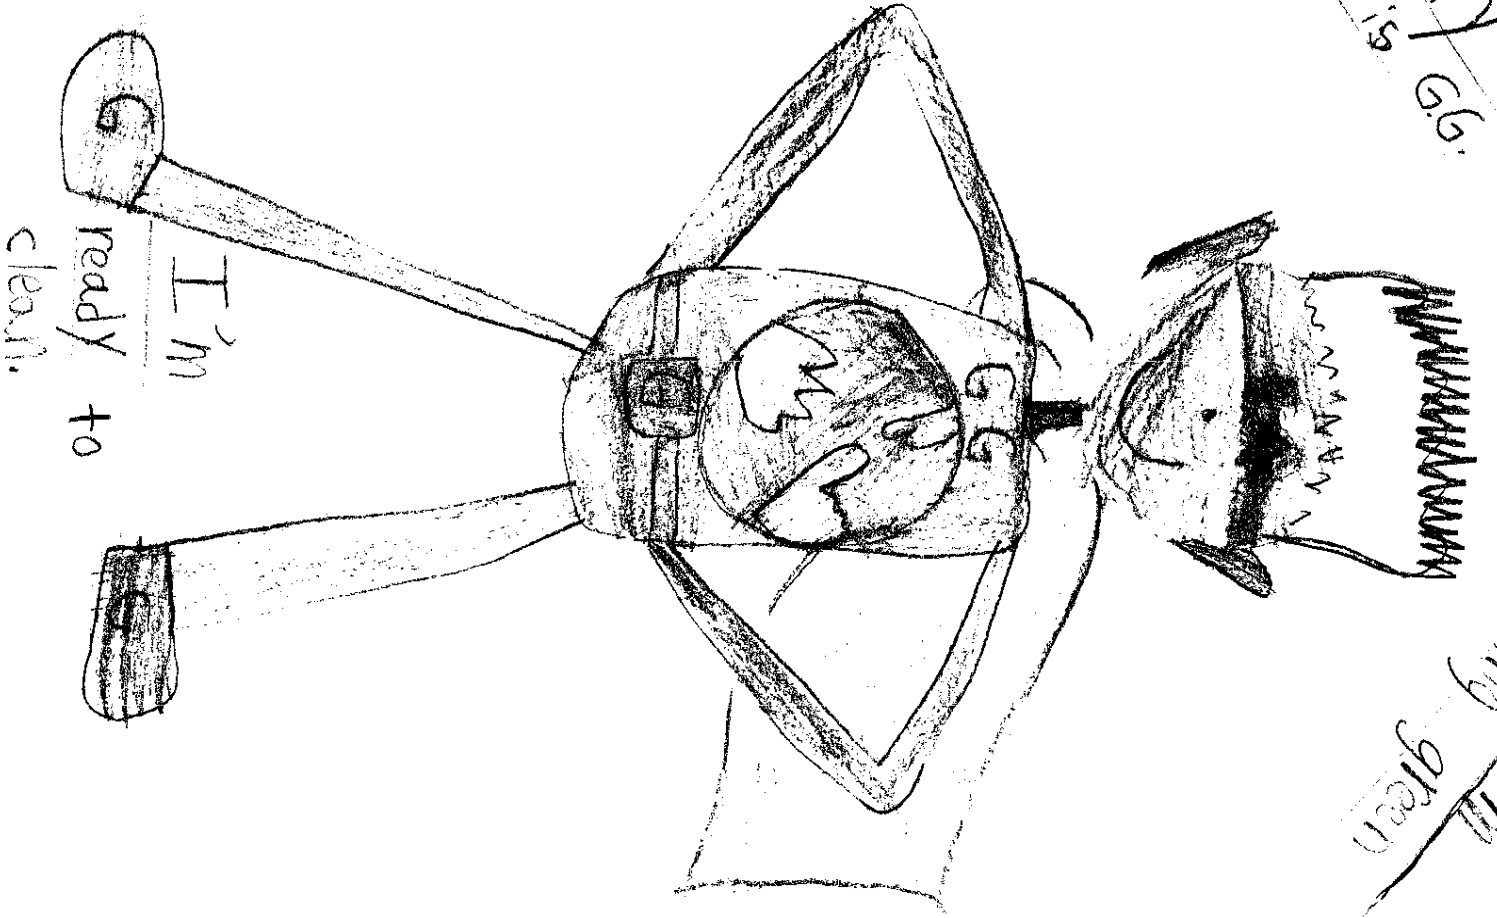

They think of new ways to

recycle it.

Always do your best! 😊

By doing this G.G. and
Stash are taking better
care of our earth, keeping our
neighborhood clean and going
green. Maybe everyone can
gather enough trash in
the future to make new
friends like G.G. did with
Stash.

My g.p. name is

My name is Stash here is where you put your trash.
