TIME	TITLE	DESCRIPTION
7:00AM	WEEKLY NEWS WRAP UP	HIGHER EDUCATION COMPACT: At the 4th Annual Degrees by Design Best Practices Symposium, presented by the Higher Education Compact of Greater Cleveland, educators learned strategies and practices from each other to help take students from college preparedness to graduation.
		VETERAN BOOT CAMP: The Veteran’s Treatment Docket works within the Cleveland Municipal Court, and is specialized for active-duty military service members and veterans. Recognizing that many veterans return to civilian life with physical and/or mental trauma, the court ensures they receive treatment. The program provides veterans with mentors to support success, and a “boot camp” event was recently held at the Westin Hotel to kick off the training process.
		“IN THE NEIGHBORHOOD” EVENT WITH MUNI COURT: Clerk of Municipal Court Earl B. Turner, brought his staff to La Sagrada Familia Church for the event to lay groundwork for many to begin to wipe their criminal records clean of traffic violations, and non-violent misdemeanor offenses.
		WARD 7 LEGACY BREAKFAST: Ward 7 Councilman T.J. Dow was joined by members of the community and the Hough Development Corporation for a free breakfast honoring the ongoing legacy of Ward 7 and the various contributions made by its residents.
		ANNUAL SLAVIC VILLAGE 5K AND PIEORGI DASH: Clevelanders laced up their sneakers for the run and fun walk, sponsored by Slavic Village Development, Third Federal and Dick’s Sporting Goods. It started with polka performances and runners were rewarded with pierogis and smokies.
		CONSTRUCTION ALERT: Resurfacing of West 3rd St from Superior to Lakeside is underway. A second phase to this project will be announced soon. You can access all businesses and residences, but on-street parking is not permitted. Completion is scheduled for mid-August.
		EVENTS IN CLEVELAND: There are plenty of fun events and activities! Visit our TV20 Blog and Bulletin Board for updates.
		FOOD TRUCK FRIDAY KICK-OFF: Summertime is the perfect time to have lunch outside and we went to the best place downtown for it.
		BRANCH OUT EXHIBIT: There is something almost magical about being high above the ground in a treehouse. The Cleveland Botanical Gardens recently debuted their summer exhibit, giving all an opportunity to hang out in five different interactive treehouses while enjoying nature.
